W. R. EDWARDS, Lieut.-Col., I.M.S.,
Administrative Medical Officer, North-West Frontier Province.

Peshawar, the 3rd February 1911.

ORDERS BY THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATION.

Camp, the 7th February 1911.

No. 272-C.—A-29.—In exercise of the powers conferred by section 145 (1) (2) of the Ajmer Municipalities Regulation, V of 1886, the Hon'ble the Chief Commissioner of Ajmer-Merwara is pleased to make the following rules for regulating the supply of water to private consumers and the realisation of water fees in Ajmer :—

1. The applicant shall deposit the estimated cost of all works or repairs necessary for the private connections before the work is commenced.

An estimate of the cost of private connections will be prepared by the Water Works Staff on receipt of an application* together with a fee of Rs-0-0, which amount will be returned if the work estimated for be carried out within a year of the date of the application.

* *Vide Form L.*

On the estimated amount having been received the connection will be put in as soon as possible.

On completion of the work, savings (if any) will be refunded to the depositor; similarly any excess over the estimated cost will have to be paid by the applicant.

2. Fees leviable for water shall be as under :—Rs-6-0 per 1,000 gallons or fraction thereof exclusive of pumping charges if any, subject to a minimum charge of Rs-8-0.

3. Payment of water fees, etc., shall be made within fourteen days of the presentation of the bill.

3 (a) If the amount of the bill is not paid within 7 days a reminder shall be issued to the consumer informing him that if the amount is not paid within a month the water will be cut off (to this reminder a receipt form will be attached so that no question of non-delivery can be raised).

If after the one month's period of grace the money is not paid, a notice will be sent to the consumer informing him that the water is being cut off forthwith.

If after another 14 days the water fees still remain unpaid steps shall be taken to recover the amount due from the consumer. Any charges for work done on behalf of the Committee, such as repairs to pipes, etc., shall be recoverable in the same manner as water fees.

4. No complaints regarding the quantity of water charged being excessive on account of the inaccuracy of the meter shall be entertained unless made within a period of 14 days of the presentation of the bill.

5. The Chairman, Vice-Chairman to the Municipal Committee, the Executive Engineer, Ajmer Provincial Division, or any subordinate duly authorised by any of the abovenamed officers shall be allowed to enter any premises supplied with water under these rules in order to examine any works or fittings connected with the water supply; or to ascertain the uses to which the water is being put.

6. In all cases before the water is turned on a meter shall be provided at the expense of the applicant to measure the amount of water consumed. This meter may be supplied by the applicant himself or obtained through the agency of the Committee, but must in the case of the applicant desiring to come under the provision of rule 8 (A) be a new meter of approved pattern.

The approximate prices of Siemen's meters at present are :—

1	inch	Rs50.
2	"	" 60.
1	"	" 70.
1 1/2	"	" 105.
2	"	" 140.

7. The meter will be tested at the time of installation by the Executive Engineer, Ajmer Provincial Division, and in the event of its not being found to register correctly it shall be adjusted or replaced by the applicant or Committee whichever party has supplied the meter.

8. After installation the applicant may elect to come under the provisions of either sub-clause (A) or sub-clause (B) of this rule. Sub-clause (A) applies when the Municipality engage to maintain the meter, sub-clause (B) when the owner or the applicant elects to do so.

SUB-CLAUSE A.

(1) As soon as the installation of a meter to be maintained by the municipality is completed, the meter shall be placed in the charge of the Committee to be kept in proper repair.

(2) For this service the Committee will levy a fee equivalent to 15 per cent. per annum on the first cost of the meter. This fee will be recovered in monthly instalments with the amount due for water consumed (if any).

(3) For this amount the Committee will undertake to :—

(a) Periodically test the meter giving the consumer 24 hours' notice of the proposed test so that he may be present himself or depute some one to represent him.

(b) To repair and keep in repair the meter and to replace the same when necessary.

(4) The meter will remain the property of the consumer and will be returned to him in the state in which it stands, whenever the water supply be cut off and the consumer so desires.

(5) Should the connection be closed for a month or less the fee must be paid in full; if for more than a month the meter will be removed by the Water Works Staff to the godown and there stored free of charge until again required. The cost of removal and refixing together with the cost of overhauling the same being borne by the consumer.

(6) Should the consumer wish to dispose of the meter when the connection is permanently closed the Municipality shall purchase the same at cost price.

(7) Consumers electing to come under sub-clause (A) may at any time demand to have their meters tested on the payment in cash of a fee of Rs 1 which will be refunded if the meter found is out of order.

Should the consumer not be satisfied with the result of the test a second test will be made at the Water Works godown for a fee of Rs 10 which will be refunded if the meter registers more than 5 per cent. above or below the quantity of water passed through it.

(8) Existing consumers wishing to come under these rules may do so after their meters are put into proper working order.

If the existing meter is repairable it will be repaired for them by the Committee at actual cost price before being taken over. If it is found unserviceable it must be replaced by the consumer before being taken over by the Committee.

SUB-CLAUSE B.

(1) If the applicant or owner elects to maintain the meter, he will take charge of it after its installation and will be held responsible that it is kept in proper repair.

(2) The keys of the meter chamber will be kept by the Water Works Staff who will read the meter on such dates as ordered by the Committee or the officer in charge of the Water Works.

(3) The Water Works staff on giving 24 hours' notice may at any time test the meter.

(4) If the meter is out of order notice will be sent to the consumer who must have the meter repaired or replaced as soon as possible.

(5) If after one month from the date of such notice the meter is not repaired or replaced the consumer's water shall be cut off until such time as the meter is repaired or replaced.

(6) After repair or replacement the consumer shall inform the Water Works staff in writing of the fact and the meter will then be tested and reported on by them.

(7) Every consumer coming under sub-clause (B) may have his meter tested by written request on payment of a fee of Rs 1-8-0 but no refund will be made even if the result of the test shows the meter to be incorrect.

9. The Committee may at any time withdraw their permission for water to be used for gardens and should the consumer be found to be disregarding such an order the Committee may cut off the supply either for a time or permanently or may take any other action that may appear necessary against the consumer.

10. In cases where the Committee cut off the water supply they do not hold themselves liable for any loss or damage incurred by the consumer or owner of the building from which the water is cut off.

11. The consumer must keep their pipe lines, taps, etc., in repair and if leaking or worn out must replace them within 7 days of receipt of notice to do so. Otherwise the water supply will be cut off. If the consumer so desires, such repairs or renewals will be made by the Water Works Staff on deposit of the estimated cost as in the case of new works.

12. The Committee reserve to themselves the right at any time, on giving one month's notice, of modifying or cancelling any of the above rules, conditions and rates.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 12th October 1910.

From the 12th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 5th November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777-79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.
